

# Argentine TANGO with

**TOMAS HOWLIN & DANIELA BORGIALLI**

**Tomas Howlin** is a professional Argentine Tango dancer, performer, and teacher with near 20 years of experience. Each of his movements is deeply inspired by the traditional aesthetic that have characterized the style and elegance of this dance for the past sixty years. His performing career started in

the well-known tango clubs of Buenos Aires and branched out internationally as he performed and choreographed for theater and film, as well as for tango festivals throughout Argentina, the United States, and Europe. A patient and dedicated teacher, Tomas has developed a unique method and approach grounded in his Argentine cultural roots. Tomas' students have described him as an inspiring teacher who makes tango accessible and dancing it a continually renewed experience. He has long been a regular and sought after teacher for festivals throughout North America and Europe. Along with his knowledge and mastery of tango, Tomas teaches fluidly in Spanish, English, and French.

**Daniela Borgialli's** theoretical and technical background in contemporary dance, her enthusiasm and passion, intuitive nature, and artistry contribute to her methods as a dance instructor. Teaching Argentine Tango is her full-time profession. She teaches both the leaders

and the followers' roles locally in Arizona. She receives grants to study in Buenos Aires and returns each year for professional growth. With her unique style and strong focus on social dancing she has taught workshops in San Diego, CA; Charleston, SC; Flagstaff, AZ; Washington DC; Las Cruces, NM; Ann Arbor, MI; and El Paso and Houston, TX as well as assisting classes in Buenos Aires
